*Dazzling*  
patterns

*Some say they see  
not patterns  
they recognize  
from a time when  
the world was  
younger and more  
beautiful. They  
have carved into  
the exquisite gar-  
ments of these  
divine maidens,  
for only they can  
bring about this  
age again with  
their grace and  
style.*
