SAREES & STYLING

Get meaning to your life by devoting yourself to create something that gives you purpose and meaning.

I am especially grateful that I have been able to keep my  
eyes open for the creative, all-time-of-the-moment changes  
that have taken place in the world of fashion and to its  
business side. It often brings me out of town  
and you know I love the peace and quiet.

**SUBFLASH**  
LIVELY  
For the moment  
When you feel that something is just  
your secret dream and it's not a fantasy  
and that feeling is just not a dream  
it's the feeling of something that's  
about to happen. It's the feeling of  
something that's just about to happen  
in absolute quiet. And it's the feeling  
of something that's just about to happen  
and it's the feeling of something that's  
just about to happen.

When ideas come with the unexpected, you do not have to call it out of luck and happenstance. And when it happens, you have to be quick to notice it and seize it before it slips away. The fashion is magic, it is perfect. It opens the possibility of transformation. It is the only one that can be seen at the same time by everyone, because the story to see you is unique.
