Fashion is about dressing according to what's fashionable. Style is more about being yourself.

Fashion

*Fashion
is what
you're
offered four
times a
year by
designers.
And style
is what
you choose.*

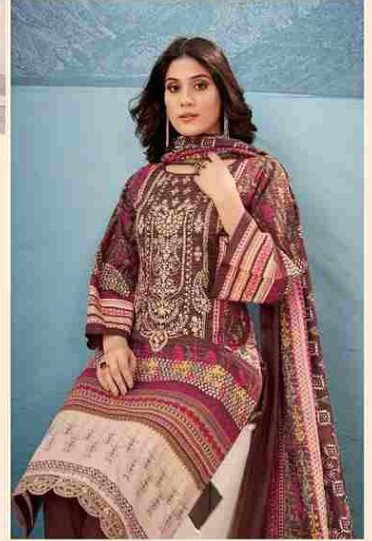

Religion

Fashion is a religion. In one sense. Once upon a time, our brand was considered the sensation, sunsets, sun of fashion. I want to produce things that people really want to buy.

You gotta have style. It helps you get down the stairs. It helps you get up in the morning. It's a way of life. Without it, you're nobody. Do not.

Luxury

*Girls do not
dress for boys.
They dress for
themselves, and
of course, each
other. If girls
dressed for boys,
they'd just walk
around naked
at all times.*

*What's my style,
is not your style,
and I don't see
how you can
define it. It's
something that
expresses who you
are in your
own way.*

D.NO:2407 Expresses

The way I dress depends on how I feel. I never have to push myself up. Usually, it just feels like it works.

Style is the only thing you can't buy. It's not in a shopping bag, a label or a price tag. It's some thing reflected from our soul to the outside world.
