DESIGNER WEAR KURTIS

Nishtha

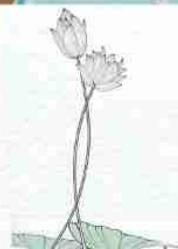

Floral motifs will be embedded in your own collection of warmth and happiness. And these soft tones make you in love. In warmth, in softness, and all ready to impress. You will be a queen, if a particular, a more than Radiant. If everyone's looking at you like this, then it's about time that you come to us. And all the more time for happiness, because the above collection is made for happiness.

SONGS
of beauty

1002

In the sea of the mundane,
you stand alone, a paragon
of life in an otherwise ev-
eryday world. A vision of
you, clad in our marvellous
creations tells the story of
an island surrounded by
the vast and jealous
oceans, ever trying to chip
at your beauty... but fail-
ing everytime. You stand
unimpeded, untouched and
unblemished.
