CULTURE FASHION

Zulfat®
DESIGNER FASHION

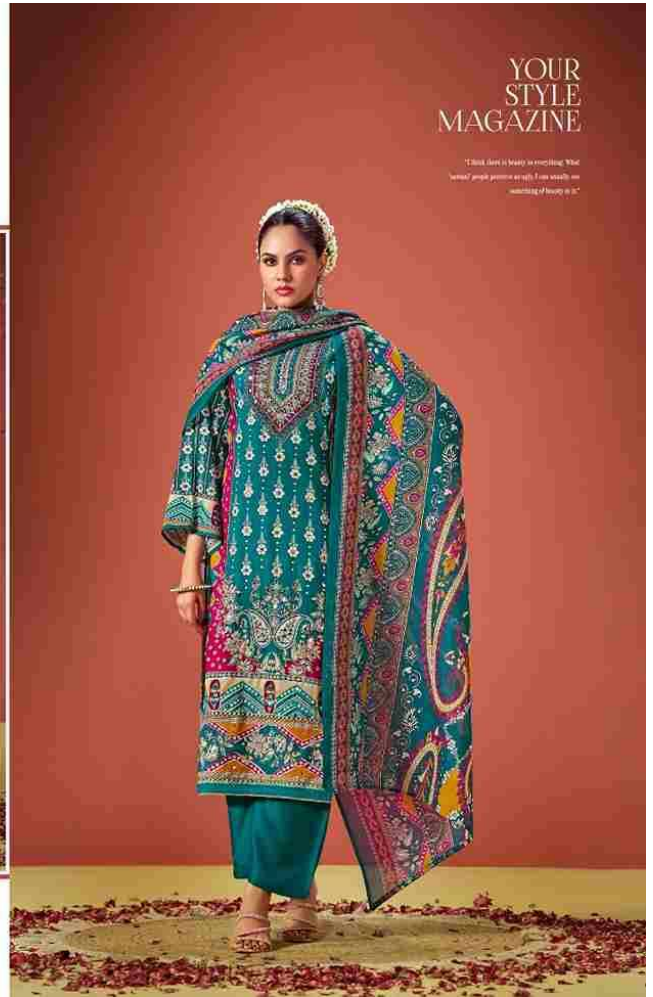

"Fashion is not of the body, it is of the mind of the man who will dress it. It is not of the color, it is of the line, it is of the proportion, it is of the harmony, it is of the contrast, it is of the rhythm, it is of the balance, it is of the beauty, it is of the art, it is of the science, it is of the philosophy, it is of the soul, it is of the spirit, it is of the life, it is of the death, it is of the resurrection, it is of the eternal, it is of the infinite, it is of the divine."
